

Serious shredding power to handle even the toughest waste processing

The M&J P6000 is the most powerful stationary pre-shredder on the market. It is designed to handle the toughest materials and the heaviest loads in the waste industry and still delivers extreme throughput. Equipped with a wide cutting table, twin-shaft design, and a robust hydraulic drive, the M&J P6000 easily handles bulky, heavy, and difficult materials. The result is a consistent, homogeneous output that optimizes downstream processes.

Reliable service, reliable production

Wear-resistant components, supported by quick parts delivery and a global service network for preventive and corrective maintenance, ensure reliable production with minimal downtime.

Flexible to fit your needs

With the widest configuration range on the market, including various knife types and custom setups, you can tailor each machine to your specific materials, capacity, and facility layout.

Key benefits at a glance

Rely on proven performance

M&J pre-shredders are trusted worldwide, especially for their durability. Paired with our variable programs, which adapt shredding routines to your waste stream, you can rely on consistent output and performance time after time.

Cutting system that shreds it all

Our groundbreaking cutting technology— today a market standard — combines an open cutting table, asynchronous shredding, and anti-jam protection, handling everything from bulky to lighter waste with unmatched efficiency.

Specification

Up to 200 t/h
Capacity

From 450 to 100 mm
Grain size < 90%

9, 12, 14, 16
No. of knives

2x200
Installed power (nominal)

Up to 32 rpm
Rotation speed

3461 x 2400 mm
Cutting area (LxW)

2
No. of rotor

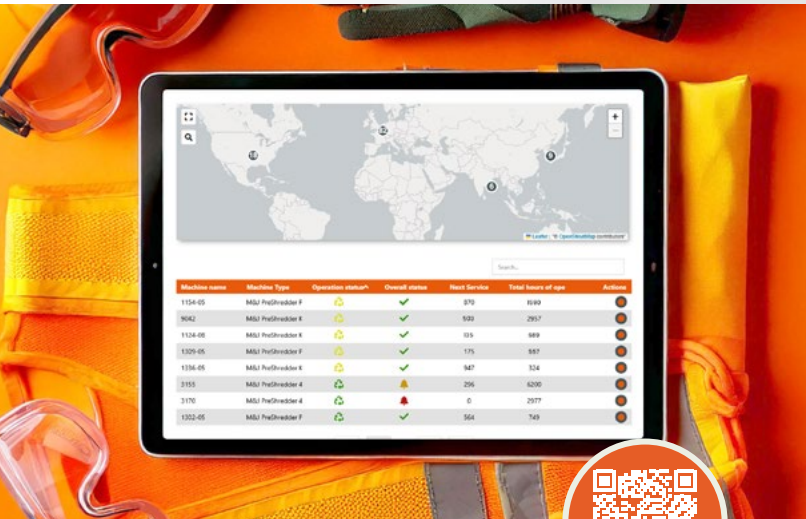

Welded
Assembly of knives on shaft

Unique M&J Features

Monitor your shredder's health.

With **myM&J Performance**, you can monitor your shredder's health in real-time and avoid costly breakdowns.

myM&J Performance is a digital solution that optimizes your M&J shredder's operations. Through remote data monitoring of your shredder, you will get access to critical insights into your waste shredder's condition, performance, and maintenance needs.

Testimonial

M&J is the completely right partner when it comes to turning waste into resources. We invest only in proven technologies to achieve our goal of playing a key role in Australia's ambition to reduce waste to landfill and reduce CO2 emissions.
